The exact share prices and effective dates may not be set forth in the table above, in which case:

- If the share price is between two share price amounts in the table or the effective date is between two effective dates in the table, the number of additional shares will be determined by a straight-line interpolation between the

number of additional shares set forth for the higher and lower share price amounts and the two effective dates, as applicable, based on a 365-day year.

- If the share price is greater than \$75.00 per share, subject to adjustment, the conversion rate will not be adjusted.
- If the share price is less than \$10.75 per share, subject to adjustment, the conversion rate will not be adjusted.

Notwithstanding the foregoing, in no event will the total number of shares of the Issuer's common stock issuable upon conversion exceed 93.0233 shares per \$1,000 principal amount of notes, subject to adjustments in the same manner as the conversion rate as set forth under "Description of Notes— Conversion Rate Adjustments" in the preliminary prospectus supplement dated April 20, 2010 for the Convertible Senior Notes Offering.
